Schedule 40 Swedged Bell to Plain end Reducers are designed to transition conduit from one trade size to another trade size.

- Both ends are solvent weld with one bell end and one spigot end
- Durable non-conductive PVC will not rust or corrode
- For use with Schedule 40 & 80 as EB & DB applications
- NEMA TC-3 Compliant
- Made in USA

* Two-piece item

Dimensions are nominal

PVC Fittings & Accessories for the Power Utility and Communication Markets

CANTEX offers a complete line of Fittings and Accessories for the extensive Power, Utility and Communications markets.

All of our PVC fittings are easy-to-install and offer non-conductivity, high impact, tensile strength, industry certifications (where applicable), and resistance to a wide range of chemicals, acids, and salt. Our DB Fittings and Accessories are perfect for direct burial and/or encased burial applications. Since they connect seamlessly with other DB & EB utility products, they make it easy to convert entire electrical infrastructures to PVC through a single source—CANTEX.
