- Made in USA

## CAO Coupling with Center Stop - Fabricated

Part No.	Size	Approx. Wt.	Carton Qty.	"A"	"B"	"C"	"D"
6161632	4	.825	50	3.850	4.350	7.500	.090

Dimensions are nominal

CANTEX 6161632 is a 4 in. CAO Type C Coupling with center stop used to join lengths of CAO conduit pipe together with two solvent weld socket ends. The center stop helps determine the proper depth of the connection.

- Made in USA

## PVC Fittings & Accessories for the Telecom Market

CANTEX offers a complete line of fittings and accessories for the telecom market. CANTEX PVC products are easy-to-install and offer non-conductivity, high impact, tensile strength, and resistance to a wide range of chemicals, acids, and salt. Our CAO Telephone Duct and applicable fittings are perfect for the needs of this important communications market. Since our telephone industry products work so well together, they make it easy to convert entire telephone and communications infrastructures to PVC through a single source—CANTEX.
