Toxic Substances Control Act Compliance Statement

CANTEX rigid PVC conduits and fittings do not contain any plasticizers. CANTEX rigid PVC conduits and fittings do not contain levels of Decabromodiphenyl ether (decaBDE), phenol, isopropylated phosphate (3:1), also known as tris(4-isopropylphenyl) phosphate (PIP 3:1), 2,4,6-tris(tert-butyl)phenol (2,4,6-TTBP), Hexachlorobutadiene (HCBD), Pentachlorothiophenol (PCTP). All raw materials used for PVC Conduit and Fittings are originally virgin materials that are brought into our manufacturing plants for blending and then molding/extrusion manufacturing.

Sincerely,

David Gwinn
